EXPERIENCE

Systems Analyst (ERP)| La Frutita E.I.R.L – Ica, Perú   Jan. 2024 – Present

As a Systems Analyst at La Frutita in Ica, Peru, I have been leading the management of the ERP, overseeing logistics, storage, and procedures since January 2024. I configure and customize the ERP, ensuring its alignment with the restaurant's operational objectives. I provide training and technical support to employees to optimize system usage. I identify improvement opportunities by analyzing data and proposing innovative solutions. My comprehensive approach contributes to the restaurant's ongoing success in a competitive market.
