EDUCACIÓN

Full Stack Developer
Jun 2023 - Sep 2023| SoyHenry, Argentina
With over 800 hours of programming focused on hands-on practice and real projects, I acquired numerous technical skills in web development such as React, Redux, Express, Node.js, Sequelize, HTML, CSS, PostgreSQL, and more.

Systems Engineer
|Mar 2019 - Present| San Luis Gonzago, Peru
With 5 years of university education in Systems Engineering, I have acquired a diverse skill set, including system analysis and design methodologies, algorithm and data structure implementations, strong problem-solving and troubleshooting skills, ability to work collaboratively

IT Support
|Dec 2021 - Apr 2022| Coursera, Google, USA
The certification program equipped me with essential skills to provide effective technical assistance, troubleshoot software and hardware problems, and ensure optimal system performance. Through practical training and hands-on experience.

Excel Specialist
|Feb 2023 – Apr 2023|Idat, Peru.
During the 72 academic hours of training, I gained expertise in various aspects of Excel, including advanced formulas, data analysis, data visualization, and automation using functions and macros.

Adobe Photoshop
|Mar 2021- Jun 2021|Domestika, USA.
This course provided me with in-depth knowledge and practical skills in utilizing Adobe Photoshop. I gained expertise in techniques such as photo retouching, digital illustration, and creative design.
